Purpose of Application:

PPG Louisville / Suzette Mitchell, Account Development Manager
Positive Colors Inc. / Ed Siewert, President
Dawn Spyker, Public Art Administrator
Coat series of large, hand-painted floodwall murals for graffiti protection and UV ray blockage; preventing deterioration and restoring vibrant color

PRODUCT DETAILS

xGen Product Utilized:
Features & Benefits:

X-PROTECT Performance Topcoat - Matte Finish
XGen coating was sprayed at approximately 0.1 mil and provided excellent coverage. XGen provides a protective coating for the murals from graffiti, will make them easy to clean and protects from growth of mold and bacteria. As seen in the before and after photos, XGen coatings improved the appearance of the murals tremendously without lifting any paint from the surface.
