a dangerous floor.***

**X-PROTECT** PERFORMANCE TOPCOAT is NFSI-Certified for increased foot traction, as the wet coefficient of friction is 60% greater than the original tile surface – reducing potential slips and falls.

**X-PROTECT** is an in-organic floor coating, protecting tile and sealing grout. It will not harbor mold, mildew and bacteria – or its resulting odors.

xGen develops and enhances coatings with advanced technology for proven results.

XGEN COATING SYSTEM™  
**X-PROTECT®**  
PERFORMANCE TOPCOAT  
HIGH-GLOSS OR MATTE FINISH

- Provides a long-lasting protective clear coat that will protect tile & grout, stone, brick pavers, terrazzo and concrete. X-PROTECT is an in-organic coating that doesn't support the growth of mold and bacteria.
- Positively improves coefficient of friction, improving foot traction on all hard surfaces.
- Creates a water and bacteria-proof barrier. The makeup of this product literally prevents growth of bacteria.
- Thin layer of coating that provides great abrasion wear. Makes cleaning easier, and will eliminate harsh, toxic chemicals typically used to clean hard surfaces. Chemical resistant and will prevent grout and urine stains in restrooms.
